

## AT THE POTTER'S HOUSE

I went to the potter's house today  
And watched her hands as they sculpted the clay.  
As an image was molded while her wheel turned,  
I thought of the lesson the prophet had learned.\*  
The nation of Israel, as clay in God's hand,  
Was crushed and reshaped, as I understand,  
Because they repented not of their sin  
And worshiped dead idols instead of Him.  
The USA is also a pot on God's wheel.  
Pray her people receive the Holy Ghost seal.  
Repentance is coming – I hear the Spirit astir.  
God Almighty, have mercy on her.
